Captain's Cabin

Tony Brock-Fisher, K1KP

As this edition goes to press, we are on the eve of WRTC. In anticipation of the fact that your Editor, Steve, N1SR, and Publisher, Will, WC2L, and Captain's Cabin author yours truly, all will all be fully involved in WRTC2014 activities, this edition will be 'put to bed' well in advance of those activities, and will be necessarily brief! This is being written a week before WRTC2014, but by the time you read it, WRTC2014 may already be history – let's hope it was a highly successful and SAFE event for all involved!

From the very meeting in which I was elected your president, WRTC2014 has been on the agenda as an important club effort, building to a crashing crescendo this week. With WRTC2014 soon fading in the rear view mirror, we as a club need to look forward to new goals! I will be happy to entertain suggestions, and look forward to hearing from membership where our effort and energy should be directed in the coming years. When I gave my acceptance speech, I did mention the goal of encouraging youth in ham radio and contesting – perhaps now is the time to tackle that one?

Without further ado, please make your plans to attend the next YCCC General Meeting, which will be held at the ARRL Centennial Convention, on Saturday, July 19th at 1pm. We are very pleased to have a Special Guest Speaker, Dr. Dave Leeson, W6NL, who will present a program titled “Contesting and Technology -- Past and Future.” This should be a definite *don't miss!*
