Logger: John Kenny, W1RR

Financial Whiz: Bob C., N1TZ

Activities Manager: Doug Grant, K1DG

MEETING SATURDAY!

The meeting this Saturday, 16 December, will be a place for both joy and sadness. The joy comes from the fact that we have lots of points to total up for the SS & CQWW contests. It looks like we've had a successful year from the standpoint of proving ourselves to be competitive. The sadness will arise as we bid farewell to two of our premier operators: John, K1AR; and Ken, K1EA. Both are moving to W5-land (funny they're leaving during our most enjoyable Northeast weather). John's move is temporary (he'll be back in time for the 79 SS), but it looks like Kenny's gone for good. Come on out to the meeting and let these guys know how much they'll be missed (who wants 20 at PV?)

In case you forgot, the meeting's at the Treadway Inn & Conference Center, Chicopee, MA. The Treadway is at Exit 6 of the Mass. Pike (I-90). Festivities begin at 2 PM, when W2YV will attempt to tell John and Doug apart.

The form on the following page is for everyone's convenience. Please use it to report your scores. If any of your scores are zero, please note a reason why (I had the flu, I don't operate CW...., etc.). This is not meant as a pressure tactic, but will help us see more clearly where our strengths and weaknesses are as a club.

BRING THE FORM TO THE MEETING ON THE 16TH, OR MAIL IT TO:

SCORES

This list is not necessarily accurate, being derived from second-hand info, rumors, and outright guesses. If your call isn't listed, either you didn't report a score, or I couldn't get in touch with you. Remember, scores can be reported immediately after every contest on 3830, or on the net Monday night, also 3830.

- PLEASE NOTE:
- 1) We only have 24 entries in SS so far. Pretty poor showing for a 140-member club. Were YOU on?
 - 2) We have a lot of points in CQWW, about 70% of which comes from our multi-multis. Where are the single ops?
